GROUNDWATER EXCEEDANCE NOTIFICATION

40 C.F.R. PART 257.95(g)
PLANT YATES AP-3 and B/B'
GEORGIA POWER COMPANY

Federal CCR Rule

The following Appendix IV constituent was detected at a statistically significant level above the federal groundwater protection standard established pursuant to the "Disposal of Coal Combustion Residuals from Electric Utilities" Final Rule, 40 C.F.R. 257.95(h).

- Beryllium

State of Georgia CCR Rule

USEPA revised the Federal CCR Rule on July 30, 2018, updating groundwater protection standards for Cobalt, Lead, Lithium, and Molybdenum (See 40 C.F.R. 257.95(h)(2)). While these updated federal groundwater protection standards are expected to govern, the following Appendix IV constituent was detected at a statistically significant level above the current state groundwater protection standard. See Georgia EPD Rules for Solid Waste Management 391-3-4-.10(6)(a).

- Beryllium

Georgia Power will continue groundwater monitoring and reporting activities as required by 40 C.F.R. §257.95.
