

**ELECTRIC SERVICE TARIFF:**

**RENEWABLE AND NONRENEWABLE  
RESOURCES  
SCHEDULE: "RNR-3"**

<u>PAGE</u>	<u>EFFECTIVE DATE</u>	<u>REVISION</u>	<u>PAGE NO.</u>
1 of 2	With Bills Rendered for the Billing Month of October, 2006	Original	12.00

**AVAILABILITY:**

Available throughout the Company's service area on existing lines of adequate capacity.

**APPLICABILITY:**

Applicable for any Provider who desires to sell electrical energy to the Company.

Energy resources are divided into two groups:

- I. **Renewable energy resources** are generally defined under the Center for Resource Solutions Local Region Proposed Accreditation Criteria for the State of Georgia and include solar, wind, limited biomass, and limited hydro. Renewable energy resources are residential applications with a peak generating capacity of less than or equal to 10 kW and commercial applications with a peak generating capacity of less than or equal to 100 kW are eligible for participation subject to the terms and provisions of The Georgia Cogeneration and Distributed Generation Act of 2001.
  
- II. **Nonrenewable energy resources** are residential fuel cell applications with a peak generating capacity of less than or equal to 10 kW and commercial fuel cell applications with a peak generating capacity of less than or equal to 100 kW are eligible for participation subject to the terms and provisions of The Georgia Cogeneration and Distributed Generation Act of 2001.

**METERING COSTS:**

The Company will install single directional metering or bi-directional metering depending on the Provider's method of installation. The Provider will enter into a contract with the Company to cover all incremental metering costs billed monthly as outlined below.

Single directional metering:      \$2.68

Bi-directional metering:      \$4.18

## SCHEDULE: "RNR-3"

### PAYMENT FOR ENERGY:

Payments for energy purchased from renewable and nonrenewable resources are a recoverable fuel cost of the Company. The Company will only make payments based on the metered energy delivered to the Company's system.

**Renewable Energy Resources:** The Company will only be required to purchase renewable energy from eligible providers on a first come, first serve basis until the cumulative generating capacity of all renewable sources equals to 0.2 percent of the Company's annual peak demand in the previous year. The Company will pay avoided energy cost as defined by the most recent informational filing made by the Company in compliance with the final order in the PURPA Avoided Cost Docket 4822-U. Additional energy may be purchased by the Company at a cost agreed to by it and the Provider.

Under the Georgia Public Service Commission Docket 16573-U, allowance will be made for solar-photovoltaic energy to be purchased at a preset price of 17.4 cents/kWh through the single directional metering option. Solar-photovoltaic energy purchases under this option shall be limited to a total of 500 kW jointly for the RNR-3 and SAV-RNR-3 Schedules.

**Nonrenewable Energy Resources:** The Company will pay avoided energy cost in compliance with the final order in the PURPA Avoided Cost Docket 4822-U to QFs. Additional energy may be purchased by the Company at a cost agreed to by it and the Provider.

### SAFETY, POWER QUALITY, AND INTERCONNECTION REQUIREMENTS:

The Customer shall be responsible for ensuring a safe and reliable interconnection with the Company system and all costs incurred therein. The Company's Power Delivery Bulletin 18-8 sets forth the criteria for interconnection including system protection requirements, power quality, and operating guidelines. The Customer should be familiar with Bulletin 18-8, or its successor, and follow the procedures from preliminary application to final inspection. Every interconnection request is handled individually by the Company's Protection and Control department.

### GENERAL TERMS AND CONDITIONS:

The charge calculated under this Rider is subject to change in such an amount as may be approved and/or amended by the Georgia Public Service Commission.

Service hereunder subject to Rules and Regulations for Electric Service on file with the Georgia Public Service Commission.
