Date: _____

Print Name: _____

Title: _____

All electric vehicle chargers installed under this program are subject to visual verification by the Georgia Power Corporate Compliance Organization (GPCCO). If your EV charger installation is selected for a field audit, you will be contacted by a GPCCO representative to schedule an appointment. By signing and submitting this Rebate Request Form you agree to provide a GPCCO representative reasonable access to the installation site during normal business hours. If the field audit discovers that the EV charger has not been installed, the rebate will not be paid and you may be billed for repayment of the rebate to Georgia Power if the rebate has already been issued.

Customers participating in the Workplace Electric Vehicle Charger Rebate Program may be contacted to participate in Georgia Power's data collection on EV charging practices in order to better understand EV drivers' charging practices, improve EV services, and encourage greater EV deployment. Participation is voluntary. Additional information available at: www.georgiapower.com/ev

Terms and Conditions (Summary): Must be a Georgia Power customer. Program open to all business customers not in the EV car charging business regardless of electric service rate. Rebates available only for new, customer-purchased L2 (208/240V) chargers. By signing and submitting this Rebate Request Form, applicant affirms that all city, county, or state government, property owner, or homeowners association restrictions, rules, codes and regulations were complied with and all necessary permits were obtained prior to charger installation. Georgia Power reserves the right to cancel or modify this rebate program at any time in its sole discretion.

By signing and submitting this Rebate Request Form, applicant acknowledges and agrees that Georgia Power's liability and responsibility in connection with the Electric Vehicle Charger Rebate Program shall be strictly limited to the making of certain rebate payments for eligible equipment, and that Georgia Power is not making, will not be providing and specifically disclaims any representations, warranties, covenants or guaranties whatsoever, express or implied, in connection with the electric charger or the Program itself, including, without limitation, those regarding merchantability or fitness. Warranties with respect to the charger are strictly manufacturer's warranties, and applicant shall not make, nor have the right to make, any claims against Georgia Power relating to any such warranty. Georgia Power shall in no way be liable or responsible for any equipment installed by, or for any act or omission of, any other entity or individual, including, without limitation, equipment manufacturer, any electrician, technician, or other service provider.
