

**NOTIFICATION OF INTENT TO INITIATE CLOSURE  
PLANT HAMMOND CCR SURFACE IMPOUNDMENT AP-2  
GEORGIA POWER COMPANY  
ROME, FLOYD COUNTY, GEORGIA**

Georgia Power Company (GPC) intends to close the CCR surface impoundment known as AP-2 located at Plant Hammond in Rome, Floyd County, Georgia. The surface impoundment is closing under the requirements of 40 C.F.R. 257.101(b)(1). Closure of the surface impoundment will be conducted under 40 C.F.R. 257.102(c), *Closure through removal of CCR*. The closure will be completed by removing all CCR and CCR laden soils within the CCR surface impoundment footprint. CCR and CCR laden soils will be disposed of in a permitted landfill or transported off-site for beneficial use. Free liquids will be dewatered in accordance with the Dewatering Plan approved by Georgia Environmental Protection Division (EPD).

By signature below, certification is made that the closure of the Plant Hammond AP-2 surface impoundment will be completed by CCR removal as described above in accordance with the requirements of 40 C.F.R. 257.102(c).
