

The Georgia Power Foundation and Georgia Foundation for Public Education are pleased to announce the launch of the fourth round of the Workforce for Georgia Grant Program.

The grant program provides school districts that offer Career, Technical, and Agricultural Education (CTAE) through traditional high school programs or through College and Career Academies (CCA), with support of up to \$50,000 over 12 months to implement or scale career pathway programs to meet workforce needs of local and regional communities’ industries and businesses. Up to \$1,000,000 will be awarded in grant support from Georgia Power Foundation, Inc. Applicants may apply for up to \$50,000 to establish a new pathway program **or** expand an existing pathway based on sufficient evidence of need/demand.

Funding Timeline

GRANT APPLICATION OPENS	INFORMATIONAL Q&A WEBINAR (OPTIONAL)	GRANT APPLICATION DUE
<p>March 12, 2026</p>	<p>March 18, 2026, 10:00 – 11:00 AM</p> <p>Please click on the following link at the time listed above: Please click here at the time listed above to participate in the meeting.</p> <p>The webinar will be recorded.</p>	<p>April 14, 2026</p>

Eligibility

School districts may submit more than one grant application. Individual schools may only submit one grant application. More than one submission per individual school will disqualify all applications from the school. Collaboration amongst schools within the district is highly encouraged.

You are eligible to apply for a Workforce for Georgia Grant if:

- You are a district-level staff at school district with one or more high schools with CTAE programs or CCAs in the state of Georgia; or
- You are a school administrator, principal, or other leadership role at a charter school or traditional public school with a CTAE focus or CCA in the state of Georgia.
