

Building Envelope

Reduce heat gain and save with rebates by installing energy-efficient window film.

Maximum rebate for the combination of lighting, heating and cooling, business equipment, food service and grocery, pumps and water heating upgrades is \$100,000 per building per year up to 50% of equipment cost.

| Measure Description | Rebate/Unit | Requirements |
|---------------------|-------------|---|
| Window Film | \$1/SF | <ul style="list-style-type: none">· To qualify for an incentive, window film must be installed on south-, east- or west-facing windows and cover the entire window. Installation on north-facing windows is not eligible.· Window film must have a maximum Solar Heat Gain Coefficient (SHGC) of 0.24 or less. |

*If you do not see your high-efficiency equipment here, you may be eligible for a custom rebate. Please refer to Custom Upgrades for more information.
